Acceleration of Technology: Major Trends and Impacts - *Preparation for the New World-Order*

Acceleration of Technology: Major Trends and Impacts

Preparations for the New World Order

Technology	Year Developed
Bacteria Causes Disease	1874
First Solar Array (1839)	1883
Fuel Cell (1839)	1889
Alternating Current (1835)	1880's
Electric Motor (1834)	1873
Wireless remote control	1898
Induction Motor	1887
Light Bulb	1879
Fluorescent Light Bulb (1857)	1901
Internal Combustion engine	1872
First Data "Computer" (1801)	1890

Introduction

Three things:

Light as a tool to build

Light as communication

"Many shall run to and fro, and knowledge shall be increased"

Note on "Truth"

# Light as a tool to build

Light as a tool to build

- With people coming back from the grave

Amo 9:11 "At that time I will restore David's fallen tent, restoring its torn places. I will restore its ruins, rebuilding it as it was long ago,

Light as a tool to build

Light as a tool to build

# Light as a tool to build

Light as a tool to build

Communications

Things based on bad will be good.

The story of the internet:

The bad,
the evil and
the sometimes a little good.

Communications

Nothing is hid anymore.

Our president "tweets" 113 million people each day

Can you see a "Abraham" "tweet" each day?

Daily "Manna" from Moses

Communications

Who developed the internet?
DARPA
(Defense Advanced Research Projects Agency)

What happens if Chicago gets hit with a nuclear bomb ?

Communications

Each "Message" is broken up into pieces called packets.

Then they are "put back together"
On the other end.

Communications

If Chicago is lost then we just go to San Francisco, Los Angeles, Phoenix, Dallas, Atlanta then to Final Destination

Communications

Now that was uplifting?

Think not war, but Armageddon.

The internet will still be usable, and able to be brought back online quickly.

Communications

Low Orbit Satellites

Communications

The awakening of the world will probably not begin for fifty or a hundred years after the Kingdom has been established. During that time, however, the resurrection process--the raising up gradually--will be in operation amongst the nations then living. As gradually nations, peoples, kindreds and tongues are awakened, they must be brought to a knowledge of the Truth, and must give the assent of their wills, before any resurrection processes begin to operate in them. This work will continue all down through the thousand years of Messiah's Reign.

R5238

Communications

Internet:

Started because of nuclear war.
Used for some good.
Has A LOT of bad on it.

But --- The bad will become good

The world will learn of the truth.
Of the increase of his government and peace
there shall be no end.
Isa 9:7

Pornography Facts

Every Second

28,258 users are watching pornography on the internet.

$3,075.64 is being spent on pornography on the internet.

372 people are typing the word "adult" into a search engine.

Every Day

68 million search queries related to pornography
(25% of all searches).

"Many shall run to and fro, and knowledge shall be increased"

Mach 5 Now
     New York to London 1 hour 15 mins
Mach 25 soon
     New York to Melbourne 1 hour 10 mins

Need an ancient worthy today for some help?

"Many shall run to and fro, and knowledge shall be increased"

"Many shall run to and fro, and knowledge shall be increased"

Knowledge Doubling Curve
Buckminster Fuller

1900   1950   2000

Until 1900 human knowledge doubled approximately every century. → By 1945 knowledge was doubling every 25 years. → Currently, on average human knowledge is doubling every 13 months. → IBM predicts the build out of the "internet of things" will result in the doubling of knowledge every 12 hours.

"Many shall run to and fro, and knowledge shall be increased"

Net Zero Homes

"Many shall run to and fro, and knowledge shall be increased"

Solar Power Roads

"Many shall run to and fro, and knowledge shall be increased"

Automated Food production

"Many shall run to and fro, and knowledge shall be increased"

Three D Printers

"Many shall run to and fro, and knowledge shall be increased"

Three D Printers

"Many shall run to and fro, and knowledge shall be increased"

Three D Printers

Conclusions

Technology serves the following:

- Preparing men's hearts.
- Increasing communication
  - Tearing down the old system
  - Making people more empathic
  - Allowing knowledge to be shared
  - Making the world "smaller".
- Providing systems to be used in the kingdom.
  - Electric grids
  - Food growth, and distributions.
  - Communication to allow people to learn about the truth
  - Automation
