

“Impact OF World Events & Conditions Upon Israel Post 2010 (w/ Spritual Israel Connection)

- Discourse Outline and Study Reference List – March 13, 2021 - North Seattle Convention

1.0 Introduction

2.0. The larger context of world events and conditions – the lapping of the dispensations

- The key framework within which to view prophecies, events, and conditions beginning in 1874
- The transition period from the old world (Satan's) to the new world (Christ's)
- Not a smooth, or peaceful, or short transition (**Dan.12:1; R3119:6**)
- A simple yet invaluable tool to explain substantially everything happening with humanity today

2.1 The lapping of the second and third dispensations – a deeper analysis

- Three worlds: Pre-flood world **2 Pet.3:6** – evil world **Gal.1:4** – righteous world **Heb.2:5**
- Each of these three is a dispensation. **Eph.1:10** – first, second, and third
- Each is defined by who in the spirit world is influencing & shaping the events & conditions on earth
- Second dispensation sub-managed by Satan (usurpation) – prince of this world **Jo.14:30; 16:11**
- Third dispensations is sub-managed by Christ – (ordination) – **Acts 17:31;**
- Satan's evil influence and Christ's righteous influence lap each other beginning in 1874
- **Matt.12:29** (Christ bores into Satan's house and begins the transition process)
- **2 Thess.2:8,9** (Upon his return, Christ begins to influence Satan's world with truth on all subjects)
- **D612:1** (early part of this transition will witness Satan's most strenuous efforts to deceive)
- **Rev.11:15-18** (early part of Christ's presence will see a global conflict between the two influences)
- **B101; R1948:1; R3319:6** (two great opposing forces at work in today's world)
- **Psa.72:7; 34:16; 37:9; HG681:2,3** (scriptures imply the transition will be a process marked by trouble)
- Every event & condition since 1874 relates to the outgoing evil world and incoming righteous world
- **R1997:3,6; R1998:1** (lapping includes “great changes” including restitution already under way)
- **R1470:1** (Millennial Age is a “purgatory”)
- **Jer.1:10; B222:2** (lapping involves a “double work” of pulling down the old and establishing the new)
- **R4609:6** (Christ's overthrow of Satan's authority is in progress)
- **1 Thes.4:16; B147:1,2; 149:1** (Upon his return, Christ begins enforcing the laws of his kingdom)
- Example of Christ's righteous influence already changing the systemic trajectory of humanity
- As of 2017, every country on the planet has adopted some degree of environmental rights law (per U.N.)
- AND over 75% of the countries on the planet have made a clean environment a constitutional right
- Men's laws are not those of Christ's kingdom, but they show the effect Christ is having on men's minds
- **Hag.2:7** (the desire of all nations shall come) This desire is already emerging.
- **Heb. 12:27** (Christ shakes & destroys unrighteous things, and retains the righteous things)

2.2 The End of the Lapping of the Dispensations

- **Matt. 24:3** “...what *shall be* the sign.....of the end [the SUNteleia] of the world [the aion]?”
- Sunteleia means the end of the end
- **Matt.12:32** (Jesus taught disciples there is the present aion & there would be the future aion)
- **Matt.24:22** (the lapping ends when The Christ glorified intervenes to stop the trouble)
- **Matt.12:8** (Jesus is the Lord of the sabbath – the prince of peace)
- **Matt.24:21; Rev.11:15-17** (ironically, the early part of the Messianic Age is the greatest trouble)

3.0 World Events and Conditions Affecting Natural Israel

3.1 Antisemitism

- **Deut.28:64** (Moses foretold that Israel would be scattered globally)
- **Deut.28:64-66** (Moses also told Israel they would suffer chronic persecution in the scattered lands)
- **Jer.29:18-19** (God permitted antisemitism because of Israel's disobedience)
- **Jer.30:11** (Ironically, God permitted persecution to keep the Jews separate from Gentiles).

- Global Anti-Semitism Review Act passed by U.S. Congress in 2004
- Defines "antisemitism" as individual or collective hostility toward Jews just because they are Jewish
- Since 2010, global antisemitism continues to be significant according to all reporting sources including U.S. Dept of State, Anti-Defamation League, Community Security Trust and the Israeli Government

- **Luke 21:24** (Gentile oppression of Jews officially ended in 1914)
- Why the continuance and in some cases the increase of antisemitism since 1914?
- **Jer.30:3-6** (regathering of Israel would be done amidst much travail)
- **C277:3** (Jewish persecution is meant to incentivize the Jews to return to eretz Israel)

3.2 Regathering of Jews To the Promised Land (eretz Israel)

- **Ezek.20:33-34** (God promises to regather Jews from all lands through his "stretched out arm")
- **Jer.23:5-8; 1 Cor.8:6** (Messiah [Christ] is the active agent that regathers the Jews)
- Ancient King Cyrus regathered the ancient exiles. Antitypical King Cyrus regathers the modern exiles
- Christ has continued to regather 20-30K immigrants per year from 2010 through 2020.

- Israeli government expects this number to spike in 2021 because of the global Covid pandemic
- Boomborg Resiliency Report (Israel leads the world in inoculating its population & low death rate)
- **Job.2:1-10** (Satan causes disease) He may have caused SARS-cov2 & Covid19 to try & thwart Jewish Immigration to Israel and also to prevent spiritual Israelites from assembling/gathering)
- Satan's influence is inferior to Christ's. Jewish immigration has continued unabated through the pandemic. Spiritual Israelites have been gathering at an even greater rate than before the pandemic
- **Jer.31:31-34; Heb.8:8-11** (New Covenant is made with regathered Israel)

3.3 Recognition of Jerusalem as Israel's Capital – a step toward Jerusalem as the world capital

- **Micah 4:2; Isa. 2:3; Matt.5:35; D632:2** (humanity will recognize Jerusalem as earth's capital)
- **2 Chron.6:5,6; Zech.12:6** (Jerusalem will be Israel's & world's capital because it is God's choice)
- No city on earth is more tied to world's salvation than Jerusalem – the place of Jesus' death

- Jerusalem Embassy Act of 1995 (U.S. recognition of Jerusalem as Israel's capital; embassy move)
- June 5, 2017 (U.S. Senate passed resolution commemorating reunification of Jerusalem)
- December 6, 2017 (President Trump officially declared Jerusalem as Israel's capital; move the embassy)
- May 14, 2018 (U.S. Embassy [temporary facility] in Jerusalem officially dedicated)
- February 7, 2021 (U.S. Senate voted 97-3 for funding to keep U.S. Embassy in Jerusalem)

4.0 Spiritual Israel Connection

- Apostle Peter gives important admonitions to spiritual Israel living in two conflicting worlds
- **2 Peter.3:11** (engage in holy behavior, be pious, be separate from world's attitudes, behavior)
- **R5864:4** (be separate from the aims, ambitions, and policy of the present [old] order)
- **2 Pet.3:17,18** (do not get pulled into the old outgoing order; rather, grow in Christ, ie., the new order)
