...when God purposes to give peace, quietness, the whole Universe will be in obedience to His Laws, and none can make trouble. If we have difficulties, if we have persecutions, if we have troubles of any kind we should look to God. We should say: This thing could not happen to me unless the Lord permitted it. We have come under special Divine care. God has promised that all things shall work together for good to us who are His children. **R5403**
